COMPILED FROM THE RECORDS
of
C. W. BEDFORD

Dear Shift Hunter:

May 1939

This months Shift Hunter Letter completes the second year under the present authorship. Two hundred and sixty-three (263) Plate Varieties have been illustrated in these twenty-four (24) letters. Many more are still available from Mr. Bedford's records and from my own.

Am looking forward to the Akron Collector's Club meeting on May 20th. Stanley Ashbrook is scheduled to speak, this, I am sure, will be a rare treat to those attending.

Sincerely yours,

GEO. BLACK
